15. Multidisciplinary / interdisciplinary

Being a multidisciplinary college with enough land available for expansion, it can grow into a large multidisciplinary HEI. The college runs Bachelor of Arts (English, Odia, History, Political Science, Education, Economics, Philosophy), Science (Botany, Chemistry, Math, Physics, Zoology) and Commerce streams. Online Learning Platforms like SWAYAM can be supplemented for remote learning of subject not available in the college. The institution is planning to open Integrated Teacher Education Programme (ITEP) under the department of Education as multidisciplinary/interdisciplinary courses are being run in the college. The institution will also take essential steps for conducting interdisciplinary research/projects at undergraduate level. We are also planning to organize national and international interdisciplinary seminar on emerging issues.

16. Academic bank of credits (ABC):

The college runs a certificate course, more certificate and diploma courses are to be run in near future. We are encouraging our students to get enrolled in online courses offered by SWAYAM, which will add credits to academic bank of students. We are planning to run some online short-term courses on Life Skills, Human Nutrition, Communication Skills, Personality Development etc. which will add to the academic bank of students.

17. Skill development:

The college runs Bachelor programme in Arts, Science and Commerce stream, so for the skill development of students we are planning to run Spoken English course to develop communication skills of students. In science stream also, we are planning to encourage dryland farming and food processing (horticulture). We are also planning for a value-added courses for skill development of students. We are planning to organize community involvement programme in the college for developing awareness and skills of students regarding the use of technology as a means of earning for livelihood, which will make them self-employed in future. Proper

planning is to be made in the college for developing choices of students for vocational trades, preferably need-based and area-specific.

18.Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)

Students of the college are taught by using Indian languages. There is place of teaching culture in the curriculum of undergraduate course. The college encourages students for performing arts. Gandhamardhana hill is nearer to the college campus, so we are planning to run some online courses by inviting experts of Ayurveda for the integration of Indian Knowledge system. We are planning to organise national and international seminar on cross cultural issues in Indian context.

19.Focus on Outcome based education (OBE):Focus on Outcome based education (OBE):

At the undergraduate level common CBCS syllabus followed by the college depicts learning outcomes for each paper. In this regard, the college emphasizes assessment of student learning based on the learning outcomes of the paper. Continuous assessment of student progress is done both in online and offline mode as per the learning outcomes. Question banks are prepared in each department of the college focusing on the learning outcomes. Efforts are being taken to accomplish the learning objectives and promoting outcome-based education.

20.Distance education/online education:

Our college is the study centre of Indira Gandhi National Open University and Odisha State Open University. Rajborasambar region is known to be economically underdeveloped region in Odisha, so it has been noticed that most of the girl students prefer for higher study in distance mode. Recently UG and PG semester examinations of Odisha State Open University were held in the college, where about 500 students appeared, out of which most of them were girls. So, there is a scope to run distance education programme in the college. Therefore, we are planning to run some certificate and diploma courses through distance education and online education for the benefits of the students, gradually we will plan for offering UG and PG courses in distance mode. Credits earned from Distance / Online courses organized by UGC will add to the credit banks of students.

Part B**CURRICULAR ASPECTS****1.1 - Curricular Planning and Implementation**

1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

At the beginning of the academic session, academic calendar is prepared by IQAC in consultation with Heads of the Departments. Lesson plans are prepared and maintained by each faculty of the college as per the course allotted to them. Further, progress register recording daily academic progress is maintained in respect of each department. Both the progress register and lesson plans are counter signed and reviewed by the principal at the end of the month. Internal academic audit is carried out by the Academic Bursar with a view to monitoring the academic quality of the institution. Meetings of HODs are regularly held to take stock of the academic progress and ambiance of the college.

2.2 - Catering to Student Diversity

2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

Through proctorial system and class room tests the learning levels are assessed. Besides academic progress, the strengths and weaknesses of students are maintained by their respective proctors who guide them to improve their performance. Seminars and tutorials are organized to bridge the gap between advanced learners and slow learners. IQAC of the college has designed a proctorial register unique to the institution, in which academic record of the student is continuously maintained and monitored by the proctor. It helps to identify the learning level of the student for necessary follow up action. The follow up action necessary for the student is discussed and decided by the faculties of the respective Honours department. Doubt clearing classes were held by all departments for slow learners.

2.6 - Student Performance and Learning Outcomes

2.6.1 - Teachers and students are aware of the stated Programme and course outcomes of the Programmes offered by the institution.

As an affiliated college the institution has no autonomy in designing course curriculum. The learning outcomes, programme outcomes and course outcomes are stated in the syllabus prescribed by Sambalpur University and displayed in the website. All the teachers are aware of course outcomes and they communicate these to their students during the introductory classes. Programme outcomes are also shared to the students during the induction programme at the beginning of the session. To bring uniformity Odisha State Higher Education Council set up by the state Govt. has designed and implemented the state model syllabus for all the UG programmes under CBCS. The Programme Outcome is communicated to the students during Induction Programme whereas Course Outcomes are discussed in the welcome meeting organized by the Honours departments.

GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 - Institutional Vision and Leadership

6.1.1 - The governance of the institution is reflective of and in tune with the vision and mission of the institution

The institutional mission i.e. Promotion of Higher Education in the socio-economically backward sub- division has been the prime goal of the Governing Body of the College since its inception. The college has a traditional practice of participative management. The Principal acts as the ex-officio Secretary of the GB. Besides the GB is represented by two senior faculty members including one woman and one member of the non-teaching staff. The GB of the college takes major decisions such as infrastructural development, introduction of new courses, appointment of adhoc employees, finalization of fee structure for the smooth management of the college. The day-to-day activities of the college is managed by the Principal through the Heads of the Departments and various sub-committees such as admission, examination, construction, purchase, residential committee etc. The members of the sub-committees are nominated by the Principal at the beginning of the academic session. For the realization of the mission of the institution, the GB, the Principal and the staff members work together as a team. The staff council comprising all the faculties meets periodically and takes decisions relating to academic matters. The Governing Body has decided to keep the fee amount collected from the students as low as possible in order to provide access to higher education to all sections of the society.

6.4.3 - Institutional strategies for mobilization of funds and the optimal utilization of resources

Being a Non-Govt. Aided College, the salary component of the staff is received from the state govt in the form of Grant-in Aid. For the purpose of institutional development the institution generates funds mainly from the students in the form of development fees. However, the managing committee has decided to keep the development fees affordable for all considering the socio-economic condition of the region. Therefore, the institution attempts to generate funds from external sources for infrastructure development. The college has received grants from RUSA, WODC, MP LAD, MLA LAD and State Govt. during the last five years. Alumni contribution also forms a part for organization of major functions and events. Annual budget is prepared at the beginning of the financial year keeping in view with the optimal utilization of funds and it is approved by the Governing Body. Various committees such as purchase committee, construction committee, library committee constituted by the college scrutinize and recommend the purchase of articles. Internal Audit of accounts is done every year by a committee constituted by the Principal. Routine yearly external audit is carried out by the Chartered Accountants appointed by the Govt.
